CAREER OBJECTIVE

My goal is to build a fulfilling career in the field of Structural Engineering by engaging in teaching, research, and continuous knowledge development. I hope to make a meaningful impact in both academic and professional circles by sharing knowledge and supporting sustainable, innovative approaches to civil infrastructure.

EDUCATION

BACHELOR OF SCIENCE IN CIVIL ENGINEERING Graduation Year:2025

Chittagong University of Engineering & Technology (CUET)

Result: CGPA 3.55 out of 4.00

In final year, result was 3.82 (7th & 8th semester)

Higher Secondary Certificate (HSC) Graduation Year:2019

Milestone College, Dhaka, Bangladesh

Result: GPA 5.00 out of 5.00

Secondary School Certificate (SSC). Graduation Year:2017

Annada Govt. High School, Brahmanbaria, Bangladesh

Result: GPA 4.77 out of 5.00

RESEARCH EXPERIENCE

Major: Structural Engineering

Minor: Water Resources Engineering

Undergraduate Thesis Title : Performance of Treated Sea Sand in Mortar.

Thesis was supervised by Prof. Dr. G M Sadiqul Islam,

Department of Civil Engineering,

Chittagong University of Engineering & Technology.

In this regard, the specific objectives are to analyze the properties of treated sea sand from various locations, evaluate the performance of treatment processes on the properties of sand, and compare the mechanical strength and durability properties of mortar with treated sea sand.

INDUSTRIAL EXPERIENCE

Industrial training at-

***Public Works Department (PWD)** 05/12/2024- 31/12/2024

- Observed and participated in various stages of building construction at PWD.
- Assisted with site supervision and quality control checks.
- Gained hands-on experience in interpreting construction drawings and BOQs.
- Learned on-site material estimation and construction procedures.

Technical day tour at-

1. KSRM Steel Plant, Chittagong.

- Observed the complete rebar manufacturing process: billet heating, rolling, and cooling.
- Gained insight into quality control and key material tests such as yield strength and elongation.

2. Royal Cement Ltd., Chittagong

- Learned the cement production process: raw material prep, kiln operation, and final grinding.
- Observed clinker formation, cement composition, and the role of chemical additives.

3. Vandaljuri Mega Water Supply Project – Patiya Pump Station

- Gained insight into large-scale water distribution systems and urban supply planning.
- Observed the planning and execution of a 130 km water transmission pipeline project.

SKILLS

Technical Skills: AutoCAD, ETABS, PLAXIS, HEC-HMS, PMS, and SewerGEMS.

- Through the government-backed **EDGE** program each software module included **60 hours** of hands-on training across multiple domains of civil engineering.

Soft Skills: Leadership, communication, teamwork, event management and problem solving.

Tools: MS Excel, MS Word, MS PowerPoint.

ACCOMPLISHMENTS

Successfully managed dining of 480 students at Shaheed Mohammad Shah Hall, CUET from January to February 2025. Sharpening my skills in budgeting, logistics, and leadership, developed strong decision-making, crisis management and ensuring smooth day-to-day meal service.

LEADERSHIP & ORGANIZATIONAL EXPERIENCE

ORGANIZATIONAL:

Green for Peace

General Secretary

2024 –25

ACI Student Chapter, CUET

Vice President

2023 –25

CUET Photographic Society

Vice President

2024 –25

CUET Sports Club

Organizing Secretary

2024 –25

VOLUNTEERING:

National Concrete Fest 2023- *Organized by ACI Student Chapter, CUET*

24- Hour Concrete Cube Competition- *Organized by ACI Student Chapter, CUET*

7th International Conference On Advances In Civil Engineering(ICACE-2024)- *Organized by Department of Civil Engineering(CUET)*

LANGUAGES

Bengali (Native)

English (Fluent)
